BSE Limited  
P. J. Towers, Dalal Street, Fort,  
Mumbai 400001

Kind Attention : Mr. Shyam Bhagirath / Mr. Amol Hosalkar / Mr. Rakesh Parekh

Dear Sir,

Subject : Commencement of operations of Coke Oven Plant with production capacity of 2,00,000 Metric Tonnes per annum

Reference : Scrip Code 500245

Pursuant to Regulation 30 read with Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015; we wish to inform that the Coke Oven Plant ('the Plant') has been commissioned on 31 March 2020 and the production of coke has started at the factory premises in Koppal District, Karnataka. Since the process of heating the ovens had started earlier, the Management of the Company has decided that commissioning of the plant was the safer option.

The Company has been adhering to from time to time recommended precautions against the COVID-19 and directives issued by the Government of India and State Governments, to ensure safety and well-being of employees involved.

Coke is a major raw material required for production of Pig Iron. Presently, Coke is procured by way of imports as well as from domestic market. After commissioning of the Plant, dependency on imported coke will be reduced.

You are requested to take the same on record.

Thanking you,

Yours faithfully,  
For Kirloskar Ferrous Industries Limited

Mayuresh Gharpure  
Company Secretary
